

Global Reach Ltd

# COMPANY PROFILE

# COMPANY OVERVIEW

IT ALL  
BEGAN  
IN 2010

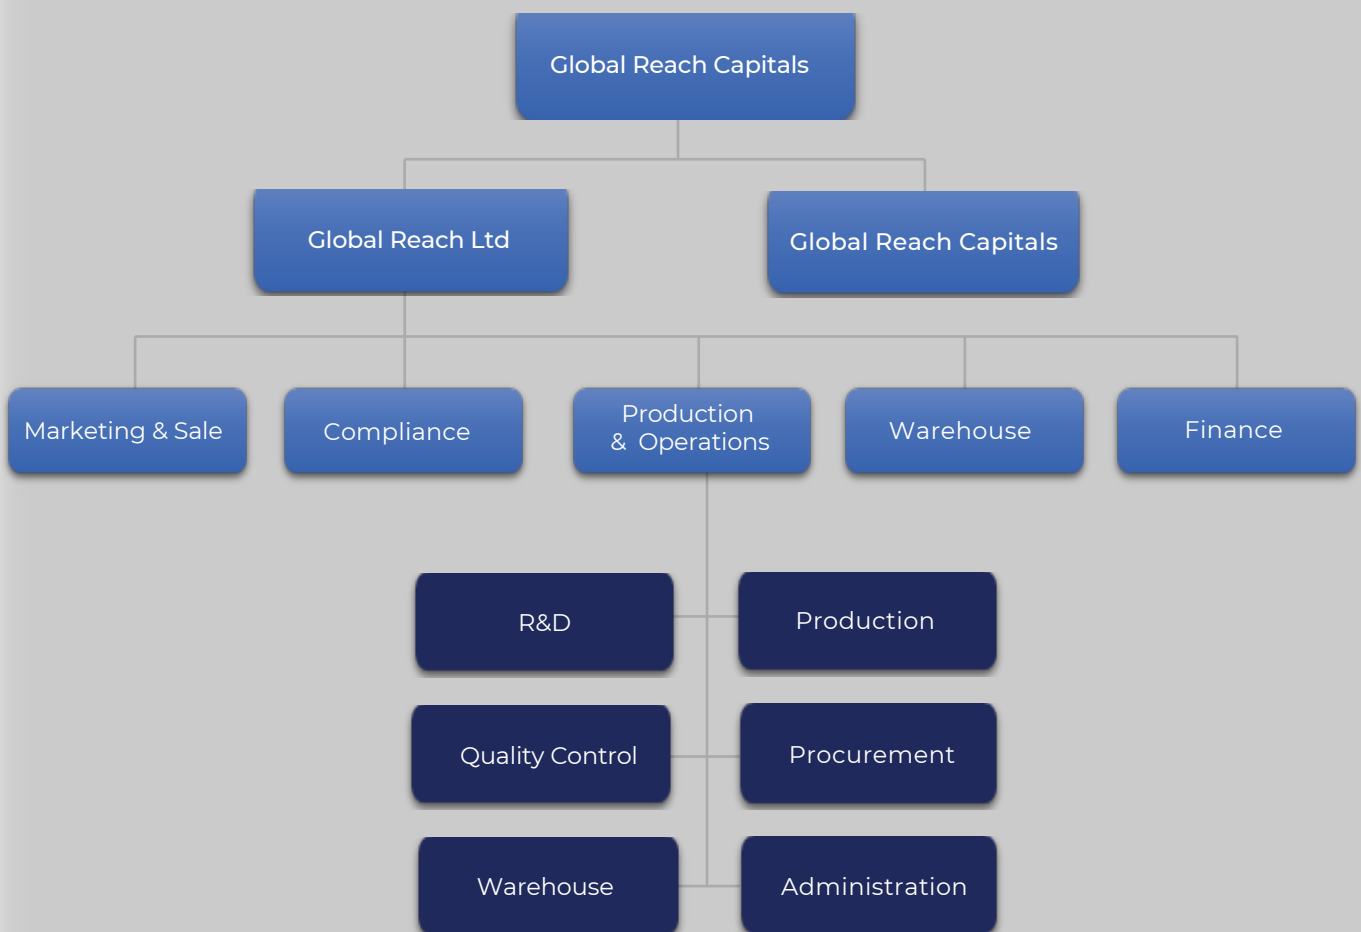

Global Reach was a meat snack production company in 2010. We aimed to bring Asian style snack to the Western. Soon after, we found our peers paying much higher price for poor service from their oxygen absorber suppliers, we decided to have a UK branded O2Zero® to service our meat snack industry.

Nowadays, O2Zero® can be found in numerous brands and products not only in meat snack industry but also extend to fresh meat, fruit, medical & pharmaceutical industries. O2Zero® is distributing to rest of EU, India, Indonesia, Canada, New Zealand and many more.
